

WASH-IT Waterless Vehicle Wash

For Quarts:

This product is ideal for use for quick and easy cleanup of cars and other vehicles when large quantities of water are not available.

U.S. Patent No. 6,037,319

How to Use

Add one pak to an empty quart bottle equipped with a trigger sprayer, fill with preferably warm water (cold water may be used), allow 3-4 minutes to completely dissolve and then shake. Spray onto small areas of the vehicle, agitate and wipe dry with a clean microfiber cloth, sponge or chamois. Rinse cloth, sponge or chamois frequently during use to remove soil. Dries to a clean gloss.

Where to Use

- Cars
- Trucks
- RV's
- Various other types of vehicles
